MYSTERIOUS.
A GENTLEMAN belonging to one of the most ancient and wealthy families of this city, who must be well known to many of our readers, having since the year 1810, to recently, been nearly blind, and for several years confined to his bed, has been restored to good health—has regained his natural erect position—and has quitted his carriage, and now walks with ease! We believe this is the gentleman's own description as near as possible and there is no exaggeration in it. We will give his address, and doubt not his humane feelings will extend to any person who may be afflicted with any of these facts—though he requests his name may not appear in print. Among other similar instances, Mr. Jas. G. Reynolds, 141 Christie street, has been restored, and is a sensible personal assurance of the facts of his case. Both were rheumatism, and contracted colds and sinews.—How has this been done?
Answer.—By the Indian Vegetable Elixer internally, and Heres' Nerve and Bone Liniment externally.—N. Y. Herald.
